## CHINESE SQUAD MEETS PORTLAND TEAM TOMORROW

First Engagement Between the Celestials and Beavers; Visitors Work Out Yesterday

Portland baseball players held a short workout at Athletic park yesterday afternoon, and the recruits took things easy at the start, and gradually eased up their muscles in throwing the ball around. The regulars, who have been campaigning for some time, have been taking things easy, and the hurlers have not taken any chances of throwing their arms out in the first workouts.

Walter McCredie was a busy man yesterday, and had his weather eye out for faults that might show. He got after the boys in the right manner for getting results, and the squad at present should begin to show something within a week or so.

This afternoon the Wreckers will meet the Beavers again, and the baseball battle is expected to be one of interest. McCredie isn't sure who will be started, but it is expected that he will trot out at least two or three of his firing line artists.

On Sunday the Beavers will play the Chinese team for the first time, and the locals should make a good showing against the Webfoot squad. The Chinese have given the 25th Infantry a number of hot battles, and it is thought that Hoon Ki will be able to hold the Leaguers down to a few bingles. The Beavers should have a chance to win, but with the fielding of the Chinese it is doubtful if there will be any picnic for the Portlanders.

## M COMPANY HAS BATTLING RALLY AT FT. SHAFTER

(Special Star-Bulletin Correspondence)  
FORT SHAFTER, Feb. 24.—M Company and K Company clashed steel today in a splendid baseball game on the Fort Shafter diamond, and while the audience was not a large one, with the counter attraction of the Beavers in town, yet those who saw the game at the start stayed until the finish, as it was full of thrills and there was a splendid double in the second inning and there came mighty near being another in the fifth also. Simmons, the hurler for K Company, was not warmed up at the early part of the game or his eye was not of the glancing eagle variety, because in the first three innings M Company touched him up for five clean hits, which netted, with a few errors and a base on balls, seven clean-cut but unearned runs, and this start rather dampened the ardor of K Company's representatives. But, after that fatal inning Simmons settled down, but in the lucky seventh M Company's rabbit foot dangled freely and a lot of errors by K players let in two more runs, but notwithstanding this score Sim-

mons had five zero innings to his favorable and creditable pitching display.

For M Company Rains had the management and the entire team worked splendidly all through the game. Spisak was ably supported in his pitching and only allowed seven hits and two of these scratch hits, at that while Sutton, who relieved him, only had one hit, but that a two-bagger by Peoples, in the last inning. The catching by Fisher was a little loose at times, but it is still early in the game and he will stand up better no doubt. Johnson, who took his place, gave a very excellent exhibition and should be encouraged by the K Company bunch. For M Company the honor behind the bat was undertaken by the old veteran, Dupre, who had 10 put-outs and four assists and no errors, which means catching in the A Class, when the condition of the diamond is considered.

The umpiring was fierce, but was due to the early spring season and the Carnival glories combined, and it is impossible to umpire bases, both nice cozy spot in back of the pitcher. An umpire must jump around and make decisions for himself and not listen to his friends. They are apt to be mistaken and so will he be. The game was a fine one for early in the season and the new men from the recruits showed up well and with some more practice games all will be better and then for the company leagues.

## BRITISH PLAN BLOW TO FOIL STARVATION

LONDON, England.—Arthur Neville Chamberlain director general of the British national service, outlining the scheme for national service today, said: "Let nobody suppose that because Count Bernstorff has been given his passports there is nothing else to do. Germany intends to starve us. The answer must be a blow straight between the eyes which will beat the enemy down and bring him to his senses."

## IT LOOKS THIS WAY

50 yards, girls—Dorothy Burns, Josephine Hopkins, Cecilia Canario.

150 yards, backstroke—Kruger, Lane, Ross.

High dive—Fuller, Hjorth, Cottrell.

100 yards, juniors—Kealoha, Ah Kim Yee, Murphy.

220 yards, Service—Walker, Murphy, Pingry.

100 yards, ladies—Dorothy Burns, Josephine Hopkins, Cecilia Canario.

50 yards, girls under 15—Thelma Kenn, Elsie Auld, Edith Kenn.

50 yards, novice—Kealoha, Vetlesen, Guerrero.

220 yards, ladies—Dorothy Burns, Josephine Hopkins, Cecilia Canario.

Relay—Healanis, Palama, Hui Nalu.

440 yards—Should be close all the way, Langer most consistent. Ross may spring surprise.

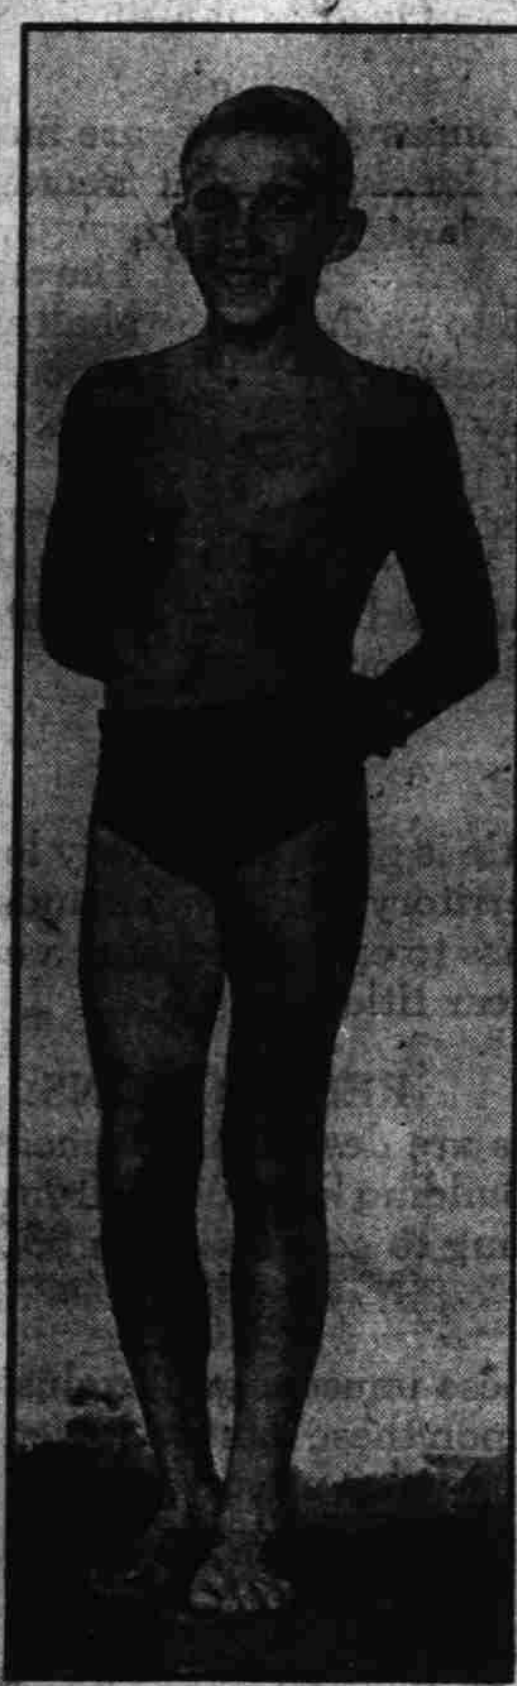

Kelli, McGilivray and Kruger must be figured.

220 yards—This race should be one of the closest in the history of the swimming here and a new mark may be hung up for this distance. Kelli looks the best from some angles, but Ross may swim a good race. Kruger, McGilivray and Langer have all made around 2:30, and it is to be expected that the world's mark of 2:29 will be in danger.

Kelli should win with Kruger well up, but Langer and McGilivray are experienced swimmers and may judge the pace well enough to finish at the front.

Ross is uncertain. He may swim a good race and win. Again, he may not get off well and finish last. The swimmer who uses the best judgment should win.

## ALWAYS RUSSIAN

Mitrie Konowloff, the little Russian swimmer who has made a hit in Honolulu in aquatics. On Thursday Mitrie landed two first places over a number of star swimmers, and the little Russian is always rushin' for Palama. He is expected to compete in the events this afternoon. Mitrie, although not yet 15 years of age, has made the 220 in 2:45, which is considered remarkable for a youngster.

## WOODEN-SOLE SHOES FOR RAILROAD PEOPLE

BERLIN, Germany.—The Vissische Zeitung reports that the administration of the Prussian State railways will supply shoes with wooden soles to all employees. This kind of footwear will be about 20 per cent cheaper than shoes made entirely of leather. The wooden soles are flexible, very light, entirely waterproof and can be replaced within a few minutes if they become worn out. The heels are also made of wood.

The net receipts of the National Allied Bazaar, which was held at Boston in January, were \$450,150, it is announced. The total included donations of \$96,840.

## READY FOR GUN

Miss Dorothy Burns of Los Angeles is the leading mermaid of the Pacific coast. She finished right behind Olga Dorfner and Claire Galligan in the national championship, and is expected to lower the record for the 100 yards in the event today. She will compete in two events this afternoon.

DAY OF THE WEEK

STARS OF THE WEEK

Calendar

This is the season of the year which is controlled by Pisces, the fishes. It also governs the feet, but the records do not show that fish have feet. From February 19 to March 21 fish will be the leading zodiac. Goldfish are found in Goldfield at this season of the year. This is the reason that loan sharks are exempt in this zodiac. Baseball players train during the fish season. This is why they have to tackle the real teams without a hook on the ball. Gus Fisher is the patron guy for this zodiac.

## 18 | S | R | G | WE | QUITE | OLD |

R. G. stands for Regia Capricorn—Robert Griffin glides in on this zodiac. Cronling is the sporting editor of the Oregon Journal. He discovered Peter Buskus, Ura Fian and other noted athletes. He will remain in the city for some time looking over the Ducks. David Fultz wants players to have knives with hooks on to spear peas. Julius Caesar had his hair washed 10 A. D. (and dried). Wisdom—When he told her that she was as light as a fairy he forgot about the river he crossed. Queries—Ed Nell—it will be a frigid day when they abolish the draft. Bill Swartz appointed American consul at Elkhart, Ind.

## 19 | M | W | M | BOSS | OF | THE | BEAN |

W. M. stands for Wistra Mars. Walter McCredie hikes in on this sign. Walter is the big boss of the Beavers. He also is a baseball star, football player and a wizard with the banjo. Sepoy revolt 1857. We don't know why they revolted and don't care. Wisdom—Just because the music is intoxicating that is no sign you should have a rye face. Queries—Billy Noble—if your girl sees a blonde hair on your coat, just tell her that you were with the bleachers at the ball game. A young lady living on Kewalo street was asked if she had seen the dioramas. She answered that she wasn't sure, but she thought they were motoring with the Parkers.

## 20 | T | R | F | UNLICK | FIVE |

R. F. stands for Regus Finella. Roscoe Fawcett drives off on this occasion. He is sporting editor of the Oregonian. He plays golf, but should be forgiven. He is unable to count over six. Despite his name he has never been a plumber. Dave Fultz wants athletes to join the American Federation of Labor. Imagine the polo players at Meadowbrook going out on strike when the Longshoremen's Union holds out for a six-hour day. Shirley Bush—He was over on Kapiolani street trying to make a blind alley see the light of reason. Among the player's demands is one that would make George Stovall eligible to use his fork at a banquet. Wisdom—Dr. Cary Grayson is the champion hurdler of the United States. Nuuanu car on time. Great excitement.

## 21 | W | W | R | ON | HOT | LICK |

W. R. stands for Wistra Regus—William Rawlins glides in on this

## 22 | T | L | K | WET | DAY | BAR |

L. K. stands for Lyria Kodlak. Lou Kennedy hops in here. He is sporting editor of the Portland Telegram and came clean from Oregon. Washington's Birthday. He was the hero who was hungry at Valley Forge, but earlier in his life he had a few chops at a cherry tree. Wisdom—When Jack Dussell was a little boy his father said that he was going to flog Jack for an hour if he didn't stop gambling. Jack said: "Just a minute, dad; I'll match you to see whether it's two hours or nothing." Queries—Bill Rodgers—if this amateur rule goes into effect they won't allow Dutch Reuther to sell nut sundaes, or Walter Miller to sell cheese.

## 23 | F | J | M | POKING | JUDGE |

J. M. stands for Jarla Mars. Judge McCredie enters the zodiac in this sign. He is president of the Portland baseball team and a jolly good sort. This is Friday all day. Burglar broke into a Pittsburg man's home on January 1, 1917; stole a bath tub. Loss discovered February 23. Wisdom—it is a shame that they barred Marshall for selling chess shoes. Queries—Bill Stump—No, you wouldn't call her father a barber just because he works on the Toledo Blade. McCredie has His-bee, Big-bee and owned Eggsbe, and Cal Ewing wanted the Beavers sent back to Class B. These boys ought to gather the honey, all right.

## 24 | S | G | A | PAU | ALL |

G. A. stands for Gloria Aria. George Angus motors in on this occasion. He is president of the Carnival and has been as busy as the pretzel bender at the Turn Verlen dance during the past week. Last night he had on his soup and fish. Today is Saturday. John Martin, the champion domino player of Honolulu, was declared a professional. He sold a stack of dominoes for kindling. Wisdom—Johnny had a Thomas cat that warbled like Garua. A neighbor threw a baseball bat, now Thomas doesn't do so. Queries—A. M. Hamrick—Boy call it calories now at the Calorie table. Many moons ago I was called hash. Thousands read Star-Bulletin for leading athletic news.
